

## Manufacturer's ISO Codes

ISO transponders contain 15 numbers. The first three digits identify the manufacturer. These codes are issued by ICAR (International Committee for Animal Recording) and a complete list with descriptions and pictures can be found on the following website: [www.icar.org/animal.htm](http://www.icar.org/animal.htm).

The following list was adapted from this website and represents all the manufacturers that provide implantable ISO transponders (FDX-B) as of March 19, 2003.
